The two chief American news agencies were compelled to ask their hundreds of European correspondents to file thir dispatches "from anywhere but London.".

New York newspapers that had made in the early summer shrewd arrangements for careful war coverage found themselves confronted with expensive bills for the cabling of news dispatches which were being held up by the

London censor by 10 or 15 hours. They arrived in New York as garrulous echoes of what "the American radio chains had given out to listening millions half a day earlier. They were hopelessly too late to print, but the bills had to

Again when the American news offices were ticking monotonously with reports of the Ark Royal, a New York foreign news editor. declaring flatly that "denials are no use to neutrals," cabled a photographic department (of 11 men) which had been specially added to the newspaper's English office for such agonizing crises. He asked for a picture of the Ark Royal to be cabled immediately.

He was thunderstruck to receive the reply from his London office that the Admiralty would release no picture, and that henceforth there would be from London "no. more pictures by cable, Berlin meanwhile was releasing photographs from its Propaganda Ministry, and though Americans had no proof that German dispatches were more authentic, they were precise, and they were the first to be printed.

foreign news editors here. For the now divided censorship, first through a Government Department, then through the Ministry, sill delayed cables beyond hope of printing, though there was no longer the fear of losing miserably to the radio, since American broadcasting has introduced a remarkable system of 35 European self-control.

#### TAO FONG SHAN RETREAT

#### INSPIRING TALK BY DR. REICHELT

A number of friends shared in the annual retrea; at Tao Fong Shin Monastery on Friday after-

The first part of the service was held in the new lecture hall. This hall of original design with the lotus symbols decorating "Christian platform stands on the edge of a hill and looks sheer down th the valley below so that one feels completely surrounded by the "Tao Fong" or Spirit of the Mountain.

Dr. Reichelt spoke of our need, in this chaotic time, to realise all that underlies the greatness of God's creation and his command Let there be light", further, to realise that there was light out of chaos. He developed the theme of this Spirit or Light, moving through the ages - steadily endeavouring to penetrate the world and its problems.

#### EXPLOSIVE WEEK-END SOFTBALL

The Canadian Chinese girls virtually made certain of winning the Southard Shield by nosing out the Wahoos yesterday in a close and explosive clash.

The game was completed under protest by the Wahoos when one of the Canadian Chinese batters scored on a hit to right field which the fielder pushed into foul territory and against an obstruction.

The umpires ruled that the ball was in play, while the Green Owls claimed that the runner was limited to the number of bases which she could advance, as the ball was dead.

The runner reached home before a play was made to her and it appears likely that she would have scored on the ruling that a runner is allowed one base in addition to the base to which he is going at the time the block occurs. Whether the protest will be made

official is not yet known. The Ball Club took runners-up position when they beat the Baby Panthers in a game that was also full of explosive moments.

Protests were numerous but it is doubtful if any will be officially lodged. **SCORES**

## COMMUNICATIONS OF CHINA DESCRIBED MINISTER'S SURVEY

CHUNGKING, FEBRUARY 3 (C.I.C.) - TO DEVELOP COMMUNICATIONS MORE WIDELY, CHINA MUST HAVE an efficient and centralized organization, an increase" in transportation facilities and service stations, and a determination on the part of the people to economize, declared Mr. Chang Kla-ngau, Minister of Communications, in The Central Weekly of Chungking. The first step is materializing with the recent organization of the China Transport Corporation which will absorb all civil transport systems in China. The second one will be carried out according to the nation's financial strength, while the third demands the cooperation of every Chinese citizen, he added.

#### Anglo - French Friendship Solidarity Emphasised

the solidarity of Anglo-French friendship was emphasised by Sir Atholl MacGregor, at the Interport Football dinner given by the Hongkong Football Association in honour of the visiting team from Saigon at the Hotel Cecil last night when replying on behalf of the guests after the Hon, Mr. N. Sir Atholl said that it was a happy augury that a friendly Colony should be here to play a friendly game against us at a time like this when the mother countries of both Colonies are fighting side by side for the cause of freedom and justice. Let us couple with our response, and heartfelt praise and gratitude that our great ally France, is, here tonight," he said.
